

ADDITIONAL APPLICATION FORM

Timing Considerations:

The NWQ Fiduciary Fund (Fund) Unit price is calculated monthly on the Valuation date. The Application price (the price the investor will invest at) is calculated based on the Unit price for the month after taking into account the Buy Spread of 0.05%.

The Fund administrator, Custom House, must receive the completed Additional Application Form and cleared monies prior to the monthly cut off which is **before 4:00pm a full 5 business days before** the last business day of the month.

Applications and cleared monies received by the cut off are then eligible to be processed on the next Dealing Day, which is the first business day of the following month. Your units in the Fund will be issued on this Dealing Day and you will be issued a Contract Note on or around the 15th of the month confirming the Application price and number of units held. For applications received in June this process will be delayed due to end of financial year processing.

If the Additional Application Form and cleared monies are received after the cut-off, the application will be held over to be processed for the following month.
